## Metro Department of Public Safety coming soon

William “Bill” Scott was hired in early May as Metro’s first Chief of Police and Emergency Management. Chief Scott will be leading and building the agency’s new Department of Public Safety that will unify Metro’s care-based public safety work under one organizational structure. He will oversee the operations of the department, including the creation of new training standards, deployment strategies, the selection of technology systems and uniform designs, among other work.

The Metro Department of Public Safety (DPS) will eventually replace Metro’s long-time reliance on contracting with law enforcement agencies to respond to crime and help patrol our system. The new department will be charged with improving public safety on a day-to-day basis, as well as enhancing security coordination for the 2026 FIFA World Cup, 2027 Super Bowl and 2028 Olympic and Paralympic Games, among other large events.
